### RUMORED FLAMING CROSS OF KU KLUX KLAN TO LEAD PARADE HERE TONIGHT

FROM WHENCE THEY'LL  
COME; WHEREBY THEY  
GO NOBODY WILL KNOW

That the grand council of the Ku Klux Klan will hold a demonstration in Daytona Beach is a possibility, according to a rumor which has been circulating in the city since the first of the month. The rumor is that the grand council will hold a parade in the city tonight, and that the parade will be led by a flaming cross.

## U. S. SENATORIAL PRIZE BY STATES

Thirty-three states will elect 34 United States senators November 2. Alabama picks two, because of Bankhead's death. There are sure to be nine other new faces in the Senate—from Ohio, Illinois, Alabama, Arkansas, Georgia, Louisiana, North Dakota, Oklahoma and South Dakota.

The present Senate is Republican by three majority. Of the 33 places to be filled 17 are now Democratic and 16 Republican. Bankhead's successor will certainly be a Democrat, as there is no opposition.

An Independent will replace a Republican from North Dakota, where Dr. E. F. Ladd is certain of election. He defeated Gronna for the Republican nomination, but is a Nonpartisan League.

Wisconsin has a three-cornered fight, with James Thompson, who almost defeated Lenroot for the Republican nomination, now running independent, with Nonpartisan League and LaFollette support. There are Independent Farmer-Labor candidates also in Nevada, New York, South Dakota and Washington. These include two women, Miss Anne Martin, noted militant suffragist, in Nevada, and Miss Rose Schneiderman, prominent labor leader, in New York. The Farmer-Labor element have endorsed the Democratic candidates in Idaho and Colorado. Senator Thomas of Colorado did not seek re-election in the primary, but has now entered the ring as an Independent, anti-Farmer-Labor candidate.

(Stars indicate present senators candidates for re-election.) ALABAMA (two vacancies)—Oscar Underwood (D\*); J. T. Heflin (D); no Republican opposition.

ARIZONA—M. A. Smith (D\*); Ralph H. Cameron (R). ARKANSAS—T. H. Cragg (D\*); C. S. Cole (R).

CALIFORNIA—J. D. Phelan (D\*); Samuel M. Shortridge (R). COLORADO—Tully Scott (D); Samuel Nicholson (R); Charles S. Thomas (present senator, Democrat, now running as Independent anti-Farmer-Labor).

CONNECTICUT—Augustine Lonergan (D); F. B. Brandegee (R\*). FLORIDA—Duncan U. Fletcher (D\*); Judge Cheney (R); Dr. G. A. Klock (W R).

GEORGIA—Tom Watson (D); G. H. Williams (R). ILLINOIS—Peter Waller (D); William B. McKinley (R).

OREGON—G. E. Chamberlain (D\*); H. S. Standfield (R). PENNSYLVANIA—John A. Farrell (D); Boies Penrose (R\*).

SOUTH CAROLINA—E. D. Smith (D\*); no opposition. SOUTH DAKOTA—U. S. G. Cherry (D); Peter Norbeck (R); Tom Ayres (Nonpartisan League).

UTAH—M. H. Welling (D); Reed Smoot (R\*). VERMONT—Howard Shaw (D); W. P. Dillingham (R\*).

VIRGINIA—Carter Glass (D\*). WASHINGTON—G. F. Cotterill (D); W. L. Jones (R\*); C. J. France (Ind.-N. P. L.).

WISCONSIN—Paul Reinsch (D); I. L. Lenroot (R\*); James Thompson (Ind.-N. P. L. and LaFollette candidate).

## M. T. Stokes Will Be the Editor of the Beach Daily News

The Daily News has been fortunate indeed in securing a man of wide experience in newspaper work to take charge of the Daytona Beach-Sea-breeze Daily News, M. T. Stokes, of Coudersport, Pa., having been secured for the position.

Mr. Stokes has had many years experience in the editing and managing of newspapers, and in addition is a practicing lawyer, his education covering both fields.

Mr. Stokes will take charge of the beach Daily News at the end of this week, when he arrives from the north. It is planned that a beach office will be established, where subscriptions will be taken, where advertising copy will be handled and news assembled for each day's issue of the peninsula section.

As the advertising patronage of the Peninsula Daily News grows, so will the space devoted to the beach increase, giving Daytona Beach and Seabreeze a typical daily newspaper of the highest order, which, it is felt, is greatly needed.

## DISILLUSIONED

These words summarize the report brought back from Russia—not by a czarist refugee, not by an opponent of Sovietism, not by a former landed proprietor—but by the commission of Socialist representatives from Italy which recently visited Russia to see for themselves what Bolshevism has done.

It is not a new report—other competent observers have brought out the same information—but coming, as it does, upon the heels of the report of the British Socialists and the German Socialists—all substantially agreeing that Sovietism is a failure in the elementary duty of providing the population under its control with the common decencies of life—it is the more impressive.

These German, British and Italian Socialists went to Russia prejudiced, if anything, in favor of the Russian regime. They have come back disillusioned. They still sympathize with the Russian revolution; they are still opposed to the allied blockades and warfare upon Russia; they are still ready to do all in their power to compel their own governments to make peace with Russia, but they are honest enough and courageous enough to tell the truth about economic conditions in Russia, and to warn their fellow countrymen, and especially their fellow Socialists against trying to attain a Socialist Utopia by Bolshevistic methods.

Non-socialists and Socialists alike can pay tribute to their honesty and candor. And the radical movement in all Western Europe, with certain minority exceptions, is endorsing their stand.

Led by British labor, the radical groups all over Europe are determinedly rejecting the Lenin gospel of catastrophic revolution, and turning to the evolutionary process of education, agitation and lawful constitutional action. It is a good sign that the madness that emanated from Moscow has not succeeded in poisoning the world.

## A FULL HOUSE

Congress soon will face the membership problem. This is owing to the increase in population. The present basis of apportionment is one representative to every 211,877 of population. The increase, if made, will give the lower house 50 members more than it now has.

Already is the House unwieldy. A few leaders transact the business, and by reason of this fact many districts are represented by rubber stamps. A House of 485 members will have an even larger proportion of rubber stamps. Also, the larger

## COALS TO NEWCASTLE

The peak of folly, as they used to say, was to carry coals to Newcastle. To make it more American: Anthracite to Pennsylvania.

Yet this is what the civilized world now is doing. That is just another method of increasing the cost of living.

Not only are American ships carrying coal to Newcastle, but they then take on British coal to steam on to continental ports. Danish butter is being brought to New York and Canadian butter is going to Europe. Canadian print paper is shipped to Europe, and European print paper is coming to America. Argentina is now buying wheat from Europe, having shipped all her wheat to Europe last spring.

A freight car loaded with Iowa hogs, en route to Buffalo, N. Y., stockyards, passed a car loaded with hams, consigned to Iowa, coming from Buffalo. The idea being, it seems, to send what you produce as far from home as possible, and to go there to do your buying.

All of which increases the cost.

## AS OTHERS SEE YOU!

The twitching nose, the blinking eyes, the tantalizing sniff, sniff, the fellow who hesitates on the street to scratch his knee, the man who is always flipping a coin in the air, or the young lady who bites her fingernails—

All habits! And yet, have you ever tried to convince anybody that he or she has a pet habit? Can't be done!

Here's the solution, then: Get the somebody to pose before the movies!

A young man did and when his posing was flashed on the screen, he turned to his wife and said: "For the love of Pete—do I do that?"

A flock of habits stuck right on before his very eyes.

Try your luck sometime. If you would know yourself as others know you, get yourself on the screen and then watch you!

Maybe stealin' second, robbing batters of hits and "throwing" the ball destroyed the morals of some players.

A child will learn three times as fast when he is in tune, as he will when he is dragged to his task.—Locke.

Portions of the Dixie Highway in Flagler county look as must the streets of Dublin after their daily riot act—the scenery is strewn with Irish conflict.

The DeLand News says, editorially: "Mayor Henry Titus of Daytona announces that he is going to 'clamp the lid down tight' on that town; that he is going to enforce every ordinance in the city code. He states that he is going to close soda fountains, cigar stores, and everything else except drug stores, on Sunday. He does not state whether movies will be included, but it is presumed that it will. Henry as a reformer will be worth watching."

## We Don't Splash Down Here.

The Florida Times-Union says: "Down in Daytona it appears they have a 'waffle parlor,' and thinking about it believe we'd rather have our waffles in the k—well, somewhere that it wouldn't matter so much if we splashed the butter, or the Florida cane syrup."

Police officials of Daytona have heard the 'Call in the Wilderness' and punch boards slot machines and other means of infantile gambling are fast disappearing, due to the persistent campaign waged against them by one of the local pastors, who has stood by his guns and is at last seeing results long hoped for.

## Twenty Parties to Have Candidates in Election; Six National Tickets

NEW YORK, Nov. 1.—The national and state elections to be held tomorrow will be notable for the number of women nominees and the large number of parties which have nominated candidates.

Twenty parties have national tickets for President and Vice-President, and by no means in all the states. These tickets are Republican, Democratic, Socialist, Prohibition, Farmer-Labor and Single Tax. About 13 other parties have candidates either for state tickets or for representatives in Congress, bringing the total of all parties in the field nearly to a score.

In the Presidential election there will be chosen 531 members of the Electoral College of which 266 will be necessary to the election of a candidate for President. In the last election President Wilson had 277.

The present membership of the United States Senate is 96, composed of 47 Democrats, 48 Republicans and one Republican and Progressive. This year 33 states are to elect 34 senators, the terms of 32 members of that body expiring on March 3, 1921, while the other two are being selected to fill unexpired terms up to March 4, 1925. Of the 32 senators whose terms ex-

pire next March, 17 are Democrats and 15 Republicans. The two additional vacancies were caused by the deaths of Senators Bankhead of Alabama and Martin of Virginia, both Democrats. One senator is to be chosen in each of the 33 states except in Alabama, which elects 2.

The only states which do not elect senators are Delaware, Maine, Massachusetts, Michigan, Minnesota, Mississippi, Montana, Nebraska, New Jersey, New Mexico, Rhode Island, Tennessee, Texas, West Virginia and Wyoming.

Socialists have candidates for the Senate in 11 states: Alabama (2), California, Florida, Illinois, Indiana, New Hampshire, New York, Oklahoma, Oregon, Pennsylvania and Washington. The Farmer-Labor party has senatorial candidates in seven states: Connecticut, Illinois, Indiana, Iowa, Missouri, New York and Washington. At least eight other parties have nominated candidates for senator in one or more states. These are Progressive, Socialist Labor, Single Tax, Independent, Industrial Labor, Labor, Independent Republican and Non-Partisan League.

The total membership, 435 of the

next House of Representatives is to be elected. Of this number, 215 is necessary for a majority. The present membership is Democrats, 190; Republicans, 232; Independent Republicans, 2; Prohibitionist, 1; vacancies, 9. Women have been nominated as candidates for representatives in at least 11 states including Alabama, California, Idaho, Iowa, Michigan, Nebraska, Massachusetts, New York, Oklahoma, Oregon and Missouri.

### 37 States Elect Governors.

Governors are to be elected in 37 states while elections for lesser state offices will be held in seven others. Those electing governors are: Arizona, Arkansas, Colorado, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Washington, West Virginia and Wisconsin. Both Democratic and Republican parties have been nominated in all these states except Georgia and South Carolina in which no Republicans are running.

The Socialist party has candidates for governor in 18 states: Delaware, Florida, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New York, Oklahoma, Oregon, Pennsylvania, Rhode Island, Wisconsin and Texas.

Prohibitionists nominated governors for seven states: Illinois, Indiana, Missouri, Nebraska, New York, Pennsylvania and Vermont. The Socialist Labor party has candidates for governor in seven states; the Farmer-Labor party in nine and the Single Tax party in two, Illinois and Pennsylvania.

Many women have been nominated for office on state tickets. Constitutional amendments are to be voted upon in 29 states. There will be referendum in 12 and initiative in four. Arkansas will vote on amendments granting suffrage to women and the powers of the initiative and referendum to the people. California will have a referendum on five questions including the Harris Prohibition Enforcement Act and the sale of poison act. One of the most notable of the initiatives is that in California where the voters will be called upon to decide the fate of Japanese farmers by amending the Alien Land Law so as to withdraw the land lease-

ing privilege from aliens who are ineligible to American citizenship. California has an initiative vote also on prohibition of vivisection. Voters will pass upon several constitutional amendments including the Single Tax measure and prohibition of compulsory vaccination.

Georgia will pass on a constitutional amendment authorizing pensions to Confederate veterans or their widows. In Kansas the voters will pass on an amendment to provide state aid in the purchase of farm homes. Louisiana will vote on pensions to Confederate veterans, Michigan on an amendment to require all children between the ages of five and 16 to attend public schools and Minnesota will decide whether to exempt automobiles from personal property tax, increase the license fees and use the funds to build and maintain state highways.

Missouri will decide whether to call a state constitutional convention. Montana will vote on a proposed repeal of the presidential preferential primary.

Nebraska will decide a referendum on a law substituting nominating conventions for primaries for all state offices except governors. New Hampshire will vote on questions of levying a state income tax, granting the governor right to veto items in appropriation bills and reducing the size of the House of Representatives.

New York voters will pass on a proposed \$45,000,000 bond issue. North Carolina will vote on a proposed state income tax while North Dakota will decide whether to grant woman suffrage. Ohio has a referendum on an act providing for the enforcement of prohibition, while Oklahoma is to settle the question of regulating the practice of medicine.

In Oregon there will be a vote on a constitutional amendment for compulsory voting and registration and an initiative on an anti-compulsory vaccination.

Six constitutional amendments are proposed in South Dakota including one to authorize the issue of \$6,000,000 in bonds to provide bonuses for soldiers, sailors and marines. Washington also will vote on a proposed bonus for soldiers and on the question of increasing the salaries of state officers.

No state elections will be held next Tuesday in Maine, Maryland, Mississippi, New Jersey, nor Virginia.

Probably the banner state for the number of candidates for governor is Illinois, where 19 parties have named candidates for that office, including

the Democratic, Republican, Socialist, Socialist Labor, Farmer-Labor, Single Tax, Prohibition, Cooperative Party of America, Liberal party and Harding-Coolidge Republican.

## GALBREATH'S FINAL STATEMENT TO VOTERS OF VOLUSIA COUNTY

The columns of this paper expose the true character of the politicians who have for the part six months been doing everything fair and unfair, legal and illegal, to defeat my candidacy for the office of Sheriff. I am fighting for clean government and the restoration of law and order in Volusia County, and therefore appeal for the support of all decent and law abiding people. I pledge my honor, so help me God, that if you tomorrow elect me sheriff I will make Volusia County a county in which you can rear your families confident that no designing politicians will blight their names or allow the morals of the youth to be corrupted.

## ON THE JOB EVERY DAY

Red-Blooded Men and Women Are Seldom Sick.

### WATCH YOUR BLOOD CONDITION

If You Look Pale, Feel Gloomy and Run-Down, Take Pepto-Mangan and Build Up.

You see men and women who are never sick. They work hard, look robust, eat heartily and enjoy life. They have plenty of rich, red blood. That is why they are never ill.

People who try to get along with weak, impoverished blood always have a struggle. They go from one sickness to another. Children the same way.

If you keep your blood rich and red you'll enjoy full vigor. Disease has little chance to develop in healthy blood. As soon as you feel run-down take Pepto-Mangan for awhile. It will feed your blood with the ingredients needed to create a good supply of red corpuscles.

Pepto-Mangan is sold in both liquid and tablet form. Take either kind you prefer. They are alike in medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package. Adv.

## ALA. NIGHT RIDERS KILL NEGROES AND BURN MANY HOMES

(The Associated Press.)

**MONTGOMERY, Nov. 1.**—Night-riders in the black belt of Alabama Saturday killed two negroes, burned four negro cabins, two gins, two mills, several barns, a quantity of cotton, cotton seed and two white farm houses.

Mounted whites and negroes rode through the countryside applying the torch until the officers arrived.

**Talk More Lynchings.**  
(International News Service.)

**MONTGOMERY, Nov. 1.**—Negroes renewed activities in the vicinity of Montgomery Sunday night, the seed house on the McElmore place at Mytelson and the negro church at Le-grand being burned. The total toll this morning of depredations in the last 48 hours is: two negroes dead, 13 arrested, property losses estimated at around \$200,000.

Property damage in Woodley, Mount Zion and Haynesville roads Sunday night and Sunday morning are placed at \$100,000.

Negroes fired gins, homes, churches and barns, firing from ambush on the sheriff's posse. Fire was returned, killing two negroes, Vin Bell and Tommie Watkins. Feeling is high today, more arrests are expected and there is some talk of lynchings.

**The Company's Meager Profit**

Since 1916 the cost of labor, material and all other of operation have constantly increased.

Operating costs have increased at a higher rate than revenue.

The margin of safety between expenses and income for successful operation, has steadily disappeared. The line has been reached.

In 1916 the Company's investment, used by the public, in its territory, including the states of Alabama, Georgia, Florida, North Carolina and South Carolina, was \$28,075,000.

Its gross operating revenue was 7,200,000.  
Its net operating revenue was 1,300,000.

In 1919 the Company's investment, used by the public, in that same territory was \$34,330,000.

Its gross operating revenue was 11,300,000.  
Its net operating revenue was 1,100,000.

On an increased investment of \$34,330,000  
The Company's gross revenue increased 3,600,000.  
The Company's net revenue decreased 1,000,000.

The Company's operations exclusively within the Florida tell the same story.

In 1916 the Company's investment, used by the public, in the state of Florida was \$3,099,000.

Its gross operating revenue was 730,000.  
Its net operating revenue was 117,500.

In 1919 the Company's investment, used by the public in Florida, was \$3,707,500.

Its gross operating revenue was 1,129,000.  
Its net operating revenue was 110,300.

With an investment increased 600,000  
And gross revenue increased 398,500

The Company suffered a decrease in its net earnings in the state of Florida, during 1919, amounting to 1,130,000.

A detailed statement of the Company's investment, revenue and expenses in the state of Florida for the years 1916, 1918 and 1919 was given in the second advertisement of series.

All of these figures are actual operating figures. They represent only physical property and cash received and expended in furnishing telephone service. They have no relation whatever to stocks, bonds, or other forms of capitalization, franchises or tangibles.

The Company earned 2.98 per cent upon its investment in Florida during 1919.

The difference between this meager profit and a fair and profit is what our business contributed to your business last year.

We hope that you will study these figures. They are your figures as much as they are ours. They are as vital to you as they are to us. You could not conduct your business without our business. Our business can not continue to serve your business unless these figures are speedily changed.

No one could. The United States Government tried and failed.

You must help us change these figures if you want us to help you.

We have accounted to you for the money you have paid. If you want more, or other facts, we will gladly give them.

The next advertisement will tell what we must do to adequately serve you during 1932.

### HUGE TASK IS BEFORE BOARD OF INSPECTORS FOR ELECTION

It is expected that more than 600 men and women will step into the booths at Seabreeze town hall tomorrow and cast their vote for their favorite candidates in the general election, a number more than double any number voting in this precinct previous to this time.

The total number of registrants from this precinct, No. 20, comprising Daytona Beach and Seabreeze, registered by Deputy Registration Officer John W. Williams, according to County Supervisor of Registration Wetherell, is 691, of which 378 are women and 313 are men. The Seabreeze precinct, as it is called, gained the distinction of being one of two precincts in the county registering more women voters than men, the other one being Daytona. A second distinction is noted in the records for Precinct No. 20, the fact that but one of the total number of registrants is colored, the total being made up, with this one exception, of whites of the community.

The officers for the election in the peninsula precinct appointed by the county commissioners are: Guy G. Bailey, clerk; J. B. Abercrombie, E. B. Parker and Clarence Willard, inspectors.

This board has before it the herculean task of handing out the large number of ballots, checking the names of each, seeing that poll taxes have been paid in the case of the men, and then, at sun down, when man's work is usually done, will their real duties commence, that of counting and tabulating the hundreds of votes cast for each of the candidates of the various parties.

It is expected that this feature of the work of the inspectors and clerk will not be finished until at least noon of Wednesday, so great is the number of voters qualified in this precinct.

In the June primary, with less than half the number qualified, that are qualified for tomorrow's election, the inspectors finished their task while the sun was rising on another day. While it is believed the task this year will be less on each ballot, because of no second choice votes to record, the ticket is measured in feet, instead of inches, and there will be more than twice the number of ballots to tabulate.

Women qualified to vote for the first time in tomorrow's election should take especial care in every way that they will not make it necessary to throw out their vote.

Be sure to mark a cross (X) in front of the name of the candidate for whom you wish to cast your vote. No other marking will count, and any other kind of a mark may cause the loss of your entire vote. In each instance voters will find, at the head of the list of candidates for each office, a statement as to how many candidates should be voted for. For instance, in the case of presidential electors, the ticket will carry 29 names, for which a voter should mark six. In the state ticket some three, some four, candidates of various parties are on the ticket. Care should be taken to vote only for the number specified.

In the county ticket, with but few exceptions only one name for each office will appear. Democrats in those offices have no opposition, with the exception of sheriff, where each candidate contends he is the Democratic nominee.

Bear in mind the fact that there is a state law forbidding the carrying into the booths any sample ballot, paper containing names of candidates, or other means of marking ballots. Voters must memorize the names of those candidates for whom he or she wishes to vote.

Mark your ballot as quickly as possible, but do not sacrifice accuracy for speed. Others will be waiting to occupy your booth, so do not hesitate too long. Every person voting tomorrow should have in mind the entire list of candidates for whom they wish to cast their ballot, thus making possible the voting of the entire qualified list of registrants.

It will be necessary to pass voters through the polls tomorrow at the rate of almost one per minute, in order that the entire list of qualified voters may have an equal chance to cast a ballot. Voters should bear this in mind and not dally over the marking of the ballot.

Tuesday, November 2, marks a great shopping day in the entire state in every city, village and hamlet throughout the country comes to the

### PENINSULA LOCALS

The regular monthly meeting of the Seabreeze council will be held this evening at town hall, for the transaction of regular business.

Mrs. Olive McKay, proprietress of the Florida House at St. Augustine, together with a party of friends, was a Daytona visitor Saturday, driving down for the day.

Mrs. F. H. Seeley, wife of Dr. Seeley, who have been guests at the Daytona Beach hotel for the past six months, delightfully entertained a large number of friends of their son, Stuart, at a Halloween party at the hotel Saturday afternoon, the time being spent in Halloween pleasures. Dr. and Mrs. Seeley expect soon to occupy their new home on Peninsula Drive.

An interesting winter resident, who is here to spend his third winter season at the beach is M. Neill, of Stockholm, Scotland. Mr. Neill is an inventor of note and has rented the Daytona Beach hotel cottage No. 2, for the season, that he may perfect some inventions which he has under way. The many friends which Mr. Neill has made in previous seasons are welcoming him back.

J. M. Hines and family and G. E. Hilsheimer, of Princeton, W. Va., spent several days at the beach, stopping at the Daytona Beach hotel, and expressed great delight with the beach and the peninsula towns. They stated that they had traveled pretty well all over Florida and had not found so delightful a place. They have returned to Jacksonville and are planning to return for the season here, if accommodations can be secured.

estimated number of 12,000,000 will cast a vote for their preference, a large majority of them for the first time in the history of America. Voting is a responsibility, which perhaps men have taken too lightly, but which the average woman will not, realizing the great good or harm that might come to every community by the placing in office of competent or incompetent men.

It is a privilege to vote, and a privilege which it is hoped a vast majority of white women will exercise tomorrow.

### ANNOUNCEMENT

With this issue commences the first number of the Daytona Beach-Seabreeze Daily News, devoted entirely to the best interests of the peninsula towns.

For several years the Daily News has felt that the community united on the peninsula has been in need of a daily newspaper, devoted entirely to the interests of the residents and merchants of the peninsula.

Through the efforts of the newly organized Daytona Beach-Seabreeze Chamber of Commerce and its officers, and by the support of merchants in the community, the Daily News is issuing a newspaper to be devoted to the interests of the peninsula district.

A newspaper is only what a community in which it circulates makes it. It may be a powerful factor for good in that community, assisting in every movement for the upbuilding and progression, serving as one means of promoting greater fellowship and community interest, giving to the community the latest and best news each day—or it may be the reverse. The success or failure depends to a greater degree than most realize on the attitude of the community itself, in making it possible to collect the latest news, in giving the correct facts for publication, and by worthy support of merchants, in patronage of its advertising columns.

The members of the Daytona Beach-Seabreeze Chamber of Commerce, who are in large measure the principal business men of this community, feel that there is a need for such a newspaper, catering to the needs of Daytona Beach and Seabreeze. They are backing their belief by support of the project, because they feel that it will be a means of great good in the community in many ways.

The community composed of Daytona Beach and Seabreeze has made more rapid strides than perhaps any other like community in the South during the past year. Evidences are present on every hand of the spirit of cooperation which is entering into every factor for the growth of the community.

A civic organization of the highest order, with most efficient officers and directorate, has been formulated to look after the greater interests of the community. Its success was assured from the start, because there was a mighty work ahead of the organization in keeping ahead of the rapid strides the community has been making the past year.

The towns of Daytona Beach and Seabreeze have pronounced to its visitors and residents their progressiveness in furnishing the finest of paved streets throughout the community, a program involving \$360,000, no small undertaking for such a district. But realizing that good roads and paved streets are one of the first essentials, residents almost unanimously advocated and fostered the huge street improvement plans of the two towns. One program has been completed, while the other will be finished within a short time.

Hindered during the war, as was every community, in an expansion of its building program, the peninsula towns recovered from the war slump quicker perhaps than any other community in the South, and scores of residences of the better class have been the result, with no evidence of a relaxation, but rather of an increase each day. A community user well judged by the number of new homes being erected. Such a judgment places Daytona Beach and Seabreeze far ahead of most communities.

Daytona Beach and Seabreeze are fortunate, too, in having one of the finest community centers in the state, in the Auditorium due to the generosity and foresight of a few men who realized the great good which would result in the building of such a monument to education, entertainment and the spirit of their fellow men. Those men who have been in charge of the Auditorium since its inception have labored hard and long to make it a community center second to none in the South. Their task-point is being realized this year. Few communities in the whole South have such a means of entertainment and education as Daytona Beach and Seabreeze. It is one factor which assures continuous growth in the community and contributes toward its progress and well-being.

### POLITICAL PALAVER

The names of but three residents the peninsula will appear on the ballot tomorrow, that of C. L. Vining, of the Daytona Beach council, unopposed candidate for county commissioner, from the Fourth commissioner's district, and the name of W. D. Young as candidate for constable in the Seabreeze district. R. L. Selden, unopposed candidate for justice of the peace, is the third candidate. As no have opposition, their election is assured.

The election of Mr. Vining as county commissioner gives the peninsula district the first representation she has ever had on the board of county commissioners, his election being a matter of congratulation on the part of all voters in the district, as he has proven a valuable man in Daytona Beach affairs, and will prove a worthy addition to the county board.

The Seabreeze-Daytona Beach precinct now comprises about one-twelfth of all the voters in the county, a record of which the beach may well feel proud. With 378 women registrants, the newly franchised ladies of the beach will be a big factor in tomorrow's election here.

In plenty of time before another election, the moving spirits of Seabreeze and Daytona Beach should be

opportunity offered by such an institution.

While some communities have an element embedded in their civic life which cannot but tend to deteriorate the civic pride and progressiveness of that community, such is not the case here, where every faction and factor in working in harmony for the upbuilding of a residential community, where every man is as good as his neighbor, where the other fellow may live and let live, and where peace and harmony and civic pride, tending toward a more closely woven community life, is fostered.

The Daytona Beach-Seabreeze Daily News will endeavor in every way to foster this spirit of cooperation, will assist in every way to bring about a greater feeling of harmony, will do what is possible in promoting the welfare and civic life of the community which it represents.

### STEAM HEATING PLANT IS BEING INSTALLED IN AUDITORIUM

Shannon J. Peabody, principal donor of the Auditorium on the peninsula, has once again proven his generosity in the plans for a complete and efficient steam heating plant for the huge building, which he is having installed, at great expense, that patrons of the auditorium may be more comfortable during the coming winter, while attending meetings in that building.

Today work was commenced by a staff of men, under Contractor "Lettie" Johnson, on the erection of a boiler room, which will be built of galvanized iron, at the south end and connecting with the auditorium which will house the boiler for the steam plant.

The piping, radiators, boiler and other equipment have been ordered by Mr. Peabody, and it is expected that the work of installing the huge plant will be completed by December 6, at the time the Auditorium is opened by the Musical Festival, under the auspices and direction of Holo Francis Powers, renowned band leader. The heating of the building will be carried through in every room, several radiators to be installed in the dressing rooms, and on the platform, around the huge auditorium proper, in the offices at the forepart, and in the balcony, so that the heat will be evenly distributed throughout the building.

In order to make the heating of the building easier, and of more value, work has already commenced on the placing of heavier board on both the north and south ends of the building, sealing the walls from any possibility of draft, as was experienced last winter. The building is also being renovated, the steps painted, the west exit better arranged and lawn moved, and in fact, clean-up work is most evident about the property.

"We found, last winter, that the only draw-back to the comfort of the building and the patrons was the lack of heating facilities some nights when the temperature took a drop, making it uncomfortable for those who had come to the Auditorium to enjoy our entertainments and lectures," said Mr. Peabody to the Daily News Saturday. "For this reason we are installing a steam heating plant which we feel will entirely fill the bill, so far as making the building warm and comfortable during the coolest weather."

It is a matter of great pleasure to the residents of the Triple Cities that Mr. Peabody is again showing his ever-present spirit of generosity in making the Auditorium an even greater means of comfort. A building erected for the advancement of educational and entertaining facilities, complete in every way, the Auditorium on the peninsula stands out as one great factor of community life such as is not equaled by the South.

### INSTRUCTION MEETING

IN VOTING TONIGHT

Judge Bert Finn, of Ireland, will address the women registrants of Daytona Beach and Seabreeze at the Auditorium on the peninsula this evening, beginning at 7:30. The meeting will be held under the auspices of the Peninsula Circle of the Child Conservation League, the topic to be covered in the address being woman's suffrage, for instruction of women voters who visit the polls Tuesday for the first time.

The Peninsula orchestra has been engaged for the large meeting of men and women registrants at the Auditorium tonight, to furnish music for the evening.

Mr. and Mrs. W. S. Watson and children arrived yesterday from their summer home at Wabash, Conn., and are again welcoming their beautiful "beach house" to their beach home.

That beach real estate is all the more dear to them by the fact that F. M. Williams, representative of the peninsula, and one of the best in the past twelve days, those of the properties being on Main street, Daytona Beach, and in Seabreeze, and the Daytona Beach properties in Daytona Beach. Mr. Williams stated that there is a big demand in property to rent an extraordinary demand for building lots, that he could sell at about \$100 in the next twelve days if he could dispose the property faster. Mr. Williams stated that the beach is a very desirable place to live, and that the beach is a very desirable place to live, and that the beach is a very desirable place to live.

We have recently built a new building, which is now open for the business of the public. The building is located on the corner of Main street and is a very desirable place to live. The building is a very desirable place to live, and the building is a very desirable place to live.

# **WILDEST FIRE- BOMBING STAYS, BOMBERS LEAVE PUT OUT IN OFFICE**

The wildest fire-bombing in the history of the city occurred last night when a mob of about 50 persons, many of them armed, broke into the office of the Oregonian newspaper and set fire to the building. The fire was quickly extinguished by the fire department, but the damage to the building was considerable. The mob then fled, leaving the building a smoking ruin. The police are now searching for the perpetrators of the attack.

## JOSEPH J. PARIS IS HERE, MAY INVEST HEAVILY LOCALLY

(The Associated Press.)

Mr. and Mrs. Joseph J. Paris and daughter, Hortense and Virginia, arrived in Daytona Saturday evening.

Mr. Paris, who has been a client and associate with Mr. Artero for the past fifteen years, and his youngest daughter, Hortense, are expected to invest heavily in the local real estate market.

Mr. Paris was the first man to discover the oil seepage in the District of Columbia, where are situated the immense holdings of the Carbide Syndicate, of which he is one of the largest individual holders of stock.

He is also one of the largest owners of the Columbian Emerald Syndicate, and comes from one of the oldest houses of Venezuela.

Mrs. Paris was Miss Hortense DuRoi, a sister of Captain DuRoi, chief of the Pinkerton Detective Agency.

While having but recently arrived here, Mr. Paris and family are expected to make their home in Daytona.

It is anticipated that Mr. Paris will invest heavily in local real estate, as his friend, Mr. Artero, through whose painting in glowing colors of Daytona has brought him to Florida.

Of pleasing personality and with the mannerisms which are inborn to persons of South American race, the addition of Mr. Paris and family to Daytona life is pleasing to those who have become friends of the Arteros and who will come to appreciate the Paris family as well.

## SIX POLICEMEN ARE KILLED IN FIGHTS IN IRELAND SUNDAY

(International News Service.)

LONDON, Nov. 1.—Six British policemen were killed and two wounded in week-end fighting in Ireland. Fourteen attacks were made on the police and constabulary, most of them in Tipperary. Reports from the British police are reported from Tipperary and Dungannon where buildings were bombed and people thrown into terror. Serious outbreaks are reported in County Kerry.

## WANTED—FIRST CLASS KING; APPLY HUNGARY—REFERENCES

Applicant with necessary qualifications will be furnished with complete outfit, including nicely upholstered throne and sceptre and crown, slightly tarnished, but in good condition.

(By FRANK E. MASON.)

(International News Service.)  
BERLIN, Nov. 1.—Who will be the new king of Hungary? Hungary is in the market to buy or rent a reliable dog. Thoroughly committed to the idea of re-establishing a monarchy, Hungary has a vacant throne with a good sceptre and crown included. In readiness to present some one anxious to engage in the king business, who can prove that the blood in his veins is this and blue.

A high Hungarian official passing through Berlin informs the International News Service that four candidates are being considered by the monarchy. Every effort is being made by the present government, however, to delay the election of a king until Hungary recovers from the effects of the war, and more especially of the peace which has awarded large portions of its country to Rumania, Czechoslovakia and Serbia.

The four candidates are the deposed emperor Charles, his son, Archduke Franz Joseph; Archduke Joseph of Budapest, and Archduke Albrecht. The rightists take the standpoint that emperor Charles is still the king of Hungary and that his abdication by the Manifest of November 13, 1918, is invalid.

Another group of the Legitimists consider that Charles' abdication has not such a strain on his prestige that it would make it impossible for him to rule again. They wish to crown Charles' 8-year-old son, who would rule under a regent until he became of age.

The French influence in Hungary favors the election of the old-line emperors, and they will be pleased with either the reinstatement of Emperor Charles or the enthronement of his son. This party has committed itself to the assistance of the French king in a Danube confederacy which will be dominated both politically and economically by French.

The most popular candidate among the people is Archduke Joseph, who speaks Hungarian perfectly and has ways taken a great interest in the Magyar. His international policy, however, is pro-Hungary more than it

is pro-French, and it is feared international complications might be placed in the way of his election. Archduke Albrecht is, like Archduke Joseph, although a Hapsburg, a very distant relative of the deposed emperor. He is also well known and liked in Hungary, but under the old regime was not quite so prominently identified with the leadership of Hungarian affairs as was Joseph.

## PRINCE OF WALES COLLECTS A VARIED MENAGERIE ON TRIP

HAMILTON, Bermuda, Nov. 1.—The Prince of Wales collected a varied menagerie in the course of his trip to the United States and British Dominions. The pride of his collection when he reached Bermuda on his way back to London was an ugly little customer about eight inches long, part lizard and part toad and called "Horace."

In Australia, whence he came, they call him "mountain devil," though he and his family live on a hot, dry plain. The strange thing about him is that he never drinks. His family have dwelt so long in their arid land that nature has enabled them to absorb dew through their pores. Some of the newspaper men aboard the Renown expressed the fear that when Horace encountered a London fog he would absorb so much moisture that he would drown.

Other components of the royal menagerie were about 500 canary birds, an equal number of parrots, four laughing jackasses and a small kangaroo. Most of them were destined to become residents of the London Zoological Gardens.

**Background of Bubbles.**  
In experimenting with soap bubbles an English scientist developed apparatus that blew them large and substantial enough to be used as a background for photographs.

**Known by Their Headress.**  
In primitive times the headress was a distinctive mark, representing the organization of groups of men.

## Many Warm Battles on in Various States Over Selection of a Governor

NEW YORK, Nov. 1.—Practically all states will hold state elections Tuesday in connection with the presidential and congressional balloting. While a number of states will not elect governors, minor state officials and legislators are to be selected.

Special interest has been shown in the contests for governor in New York, Ohio, Missouri, Illinois and the near-northwest—the Dakotas, Minnesota, Wisconsin and Montana.

New York Democrats hope to re-elect Governor Alfred E. Smith, even if the state goes to Harding. It is generally conceded that Smith will run ahead of his ticket.

The Ohio contest has attracted attention due to its possible result and influence in that section on the presidential race. Donahy, now attorney general and the Democratic candidate, is making a strong appeal to the farming sections on an economy administration, while Harry L. Davis, former mayor of Cleveland, is expected to run ahead in the cities.

In Illinois the state election is significant on account of the bitter factional fight between the Thompson and Lowden Republicans which has been partially healed before the Democratic offense by the withdrawal of Lieut.-Gov. Oglesby from the fight. However, the split shown during the primary has been the partial cause of ten candidates for governor going before the public and the Democrats claim that J. Hamilton Lewis has a good chance of election no matter how the state goes on the head of the ticket.

In the Northwest, the Non-Partisan league, by fusion or independent candidacy, has produced a condition that makes any forecast mere guesswork.

Missouri is held debatable ground and the factional feeling due to the attitude of the senators from Missouri—Reed, Democrat, and Spencer, Republican—against the League of

Nations—has crept into the entire political lineup of the campaign. Here is a list of the states with their gubernatorial candidates:

ALABAMA—None.

ARKANSAS—Wallace Townsend, Republican; T. C. McRae, Democrat; William Buesler, Socialist; J. H. Blount, (colored) Independent. Incumbent is Democrat.

CALIFORNIA—None.

## THE SHORT CUT

Every advertisement in your paper is a shortcut. Advertisements make it possible to tell you in few minutes all you want to know about the service or articles you need.

At a glance you can sift what interests you most and in a moment you know when and where to go for what you want.

Figure how many steps, how much needless walking and talking the advertisements thus save you and your neighbors.

Then you realize the great economy and necessity of advertising in your daily life.

## ANY MAN SHOULD HAVE PENSION WHO STAYS WEDDED TO SAME WIFE FIFTEEN YEARS, SAYS KID M'COY

(International News Service.)  
LOS ANGELES, Nov. 1.—Kid McCoy, long-distance marriage champion, whose latest wife has just been granted a divorce, has returned to Los Angeles on business matters. McCoy, whose real name is Norman Selby and who is well known in boxing circles and also as a film actor, has the following to say regarding the marriage institution after eight experiments at the marriage altar:

"Any man who stays married to the same wife for fifteen years should be pensioned by the government."

"Wives are like fine paintings—no connoisseur is ever satisfied with one; he wants a collection."

"Brunettes are the most satisfying women, I am sure—all of my wives have been blondes."

"Lots of wives keep a man young. I've tried every known species except a business girl and a suffragist."

"A golden-wedding anniversary isn't enough—ten years ought to bring a diamond shower from sympathetic friends."

"I'm not a Bluebeard—I'm a prophet."

McCoy has been collecting fine paintings in France and talked of wives in terms of pictures.

"He was asked: 'What characteristics make the model wife?' and replied: 'How can I say? In paintings one craves a Greuze pastel one day, a voluptuous Rubens the next.'"

McCoy's long list of wives include: Lottie Piebler, a girl from the farm; Julia Woodward, whom he married three times; Indiana Arnold, comic opera singer; Mrs. Edward C. Ellis, a widow; Edna Valentine, a New York society girl, and the present Mrs. Kid McCoy, who was Dagmar Dalgren, a dancer.

Treat 'Em Rough.

The former ring star concluded his philosophizing on matrimony by saying: "A wife should be fiery and have some conception of change. In return for her charms a man should treat her rough. Women like it. Why, since Dagmar filed her complaint against me for a divorce several women have written and wired to me that if I am really as cruel as Dagmar makes out I must be an ideal husband."

McCoy says jealousy has been the

W. C. Jessup, who has spent many winter seasons in Daytona and is well known here, writes the News the following letter:

"Will you kindly send me a copy of your edition of October 22, as I find I have lost mine and there was something important in it which I wished to keep, as I look forward every week to getting my Daytona paper, which I find very interesting and newsy."

"I have been coming to Daytona a great many years and I hope to go a good many years to come, and if I do say it, I am a good Daytona booster and I hope you will have your city all cleaned up for the tourists, as sometimes it is not done, but you seem to have started it in good shape this year and everything is looking fine, and possibly through the coming months the ladies may have more to say than they have had."

## WIRELESS PLANT WHICH CAN SEND MESSAGE AROUND WORLD WAS BUILT ENTIRELY BY AMERICANS IN FRANCE

(International News Service.)  
SAN FRANCISCO, Nov. 1.—The first wireless plant to send a message around the world is American-made throughout.

The great station named after Lafayette is located at Croix d'Hins, near Bordeaux, France, and was constructed at a cost approximating \$14,000,000.

The electrical equipment was manufactured by an American concern in the laboratories at Palo Alto, near here.

Each of the eight towers of the station is 829 feet high and 1,200 feet apart, surpassed in height by only one steel structure in the world—the Eiffel Tower in Paris.

The navy department of the United States started construction of the station during the war to safeguard communication between this country and France. Construction was stopped

when the armistice was signed and the large naval detail in charge of the work was recalled. At this time three pyramidal bases had been erected. France offered to purchase the station if the work would be completed by America. An American steel company won the contract and used an army of 900 men in its construction. Three of these men fell from the dizzy heights of the towers and were instantly killed.

Wooden scaffolding used in the construction of the towers could be carried away handily by one man. Unless a stepladder asking employment could work on steel girders alone he was not employed.

One man standing on the platform at the top of the tower can sway the 600 tons of steel back and forth with ease yet it is estimated the station will last 500 years with ordinary attention to painting.

## WOMEN RUN MARATHON TO BE FIRST AT POLLS

(International News Service.)  
WASHINGTON, Nov. 1.—The citizens of Riverdale, Md., are having the most exciting time in their history.

Every one is buzzing about the great marathon run by the village postmistress and the leading merchant's wife for the distinction of being celebrated by posterity as the first lady voter to register in Riverdale.

All reports agree that early in the morning on registration day long before the rest of the village folk had breakfast they met on the car tracks, stopped a moment, glared at each other and then ran. The few specta-

tors who witnessed the race say it was terribly thrilling. Both contestants arrived at the registration place out of breath, each claiming to be first. They haven't spoken to each other since, it is said.

The town is now divided into two factions over the outcome of the race. Those supporting the village postmistress in her claim that she was first say anyhow she will go down in history as the first lady Democratic voter to register, declaring that the leading merchant's wife is a Republican and, if she isn't, she looks like one.

## LATEST NEWS OF THE TIMES FROM NEW YORK MARKET

(Domestic Service.)

\*\*\*\*\*

The New York Herald says the Democratic "negro whisper scandal" against Harding has reacted against Cox, as the charges have been proven false.

The Germans are planning to reorganize all industry in that country with an aim at cheaper oil everywhere.

Secretary of War Baker admits that there was a big war waste of money, but claims it was unavoidable.

Even money was offered today that Harding would carry New York state by 200,000.

Comptroller of Currency Williams says the national banks of the country have made the best record in 40 years during the past year, showing gross earnings of \$1,109,134,000 or \$515,624,000 more than in 1914.

Thompson & McKim's stock letter today says: "November bank of- fers are published this morning."

There is an evident effort to present an encouraging outlook. The most pointed statement is by the City bank, to the effect that no business improvement is likely before next spring.

Tomorrow's election will naturally have some bearing on the immediate course of the market, but after all sentiment itself does not give the market moves the quality of permanency. That comes only from business, and I see nothing in the business situation to warrant anything more than an occasional rally at present."
